We would like to acknowledge and personally express our appreciation to your team for the remarkable work they performed in the successful completion of the security system preventive maintenance program at the Port of Los Angeles.

The program was completed on time and provided the critical inventory, service, and GPS information needed to keep the security system in optimal operating condition. Convergint takes pride in finishing projects on schedule with quality and your efforts in the program guaranteed this was no exception. Please communicate our gratitude to your team who worked on this program.

Sincerely,
